## Source of Raw Material:-

Quality of the products is the most important factor. The products made with above-mentioned machine are for higher quality and better valued garments. To match the highest level of quality, our machines are imported from Taiwan, Switzerland, China, Germany and Italy. All raw materials such as yarn, rubber, ribbon are imported from Thailand, Indonesia, China, India, Pakistan and, Taiwan to maintain the consistent quality even for betterment of the quality of products. We are introducing much more sophisticated and advanced technology.

## Environment Policy:-

All of our products and devoted to produce are without hampering the environment and considering to the health and safety of our employees. We accomplish this strictly by complying with the environmental laws and regulation of the governments of Bangladesh ensuring hygienic and safe working conditions. All the chemicals/Inks are imported from Italy/Taiwan/China accordance with compliance. We implemented our environment policy throughout the organization. We check the impact of environmental policy by internal audit
